General Product Catalogue

Company Profile

Econ Mideast LLC was established to give back the industrial community the vast knowledge and experience gathered over the years.

We offer solutions and solve problems for various sectors of the industries with a large network of successful manufacturers and with similar thought process.

Our services extends across the range of industrial sectors covering Oil & Gas, Marine, Building and Infrastructure, Industrial Maintenance Repair Overhaul and Tyre Retreading.

The products and services are directly from genuine manufacturer around the world with over 25 years of experience in their respective fields.

You can depend on us for

- ✓ Industrial Valves, Pipes, Flanges & Fittings
- ✓ Personal Protective Equipment
- ✓ Industrial Cutting Equipment
- ✓ Maintenance Repair Overhaul
- ✓ Industrial Fasteners
- ✓ Tyre Retreading Materials

Econ ME is based out of Sharjah, United Arab Emirates and has backend service offices located in India, Pakistan and Africa.

We look forward to assist you in your projects and extend our services all under one roof.

**INDUSTRIAL VALVES,
PIPE, FITTINGS**

Oil & Gas Valves

Valves with higher pressure class with a variety of material of construction to suit application

Marine Valves

Marine requirements to serve severe application of marine and shipping industry

Fire Fighting Valves

UL and FM approved valves for fire fighting application and civil defense requirements

HVAC Valves

Chilled Water and Plumbing valves for building services for all rated pressure and material

Pipes

Carbon Steel and Stainless Steel pipes with various manufacturing standards and schedules

Flanges

Compatible flanges for all types and material of construction to suit piping and valves connections

High Pressure Fittings

Fittings with welded, threaded or forged ends with all pressure rated and material combination

Expansion & Flexible Joints

Piping joints with wide range of metal and rubber combination to suit application

Gaskets

All types of gaskets matching for every standards and specifications

Pressure Gauges

Dial type pressure gauges for all range of pressure and units of measurements, optional with liquid filled

Temperature Gauges

Dial and Stem type thermometer with various range of temperature measurements and end connections

Syphon and Gauge cocks

Steel or Copper alloy syphon with U-type or O-type ad requirements and gauge cocks

PERSONAL PROTECTIVE EQUIPMENT

Gloves

Find the right reusable or disposable gloves to protect your workforce from injury

Head Protection

Protection from the most important area of the body

Welding Protect

Protection from welding hazards for operator head and face

Respiratory

Helps you select the right breathing protection for all of the applications that you workforce are exposed to

Hearing

Ensure you have the right hearing protection for all areas of your workplace

Face & Eye

Find the right reusable or disposable gloves to protect your workforce from injury

Footwear

Select from our wide range of footwear for a range of indoor and outdoor situations

Safety Fall

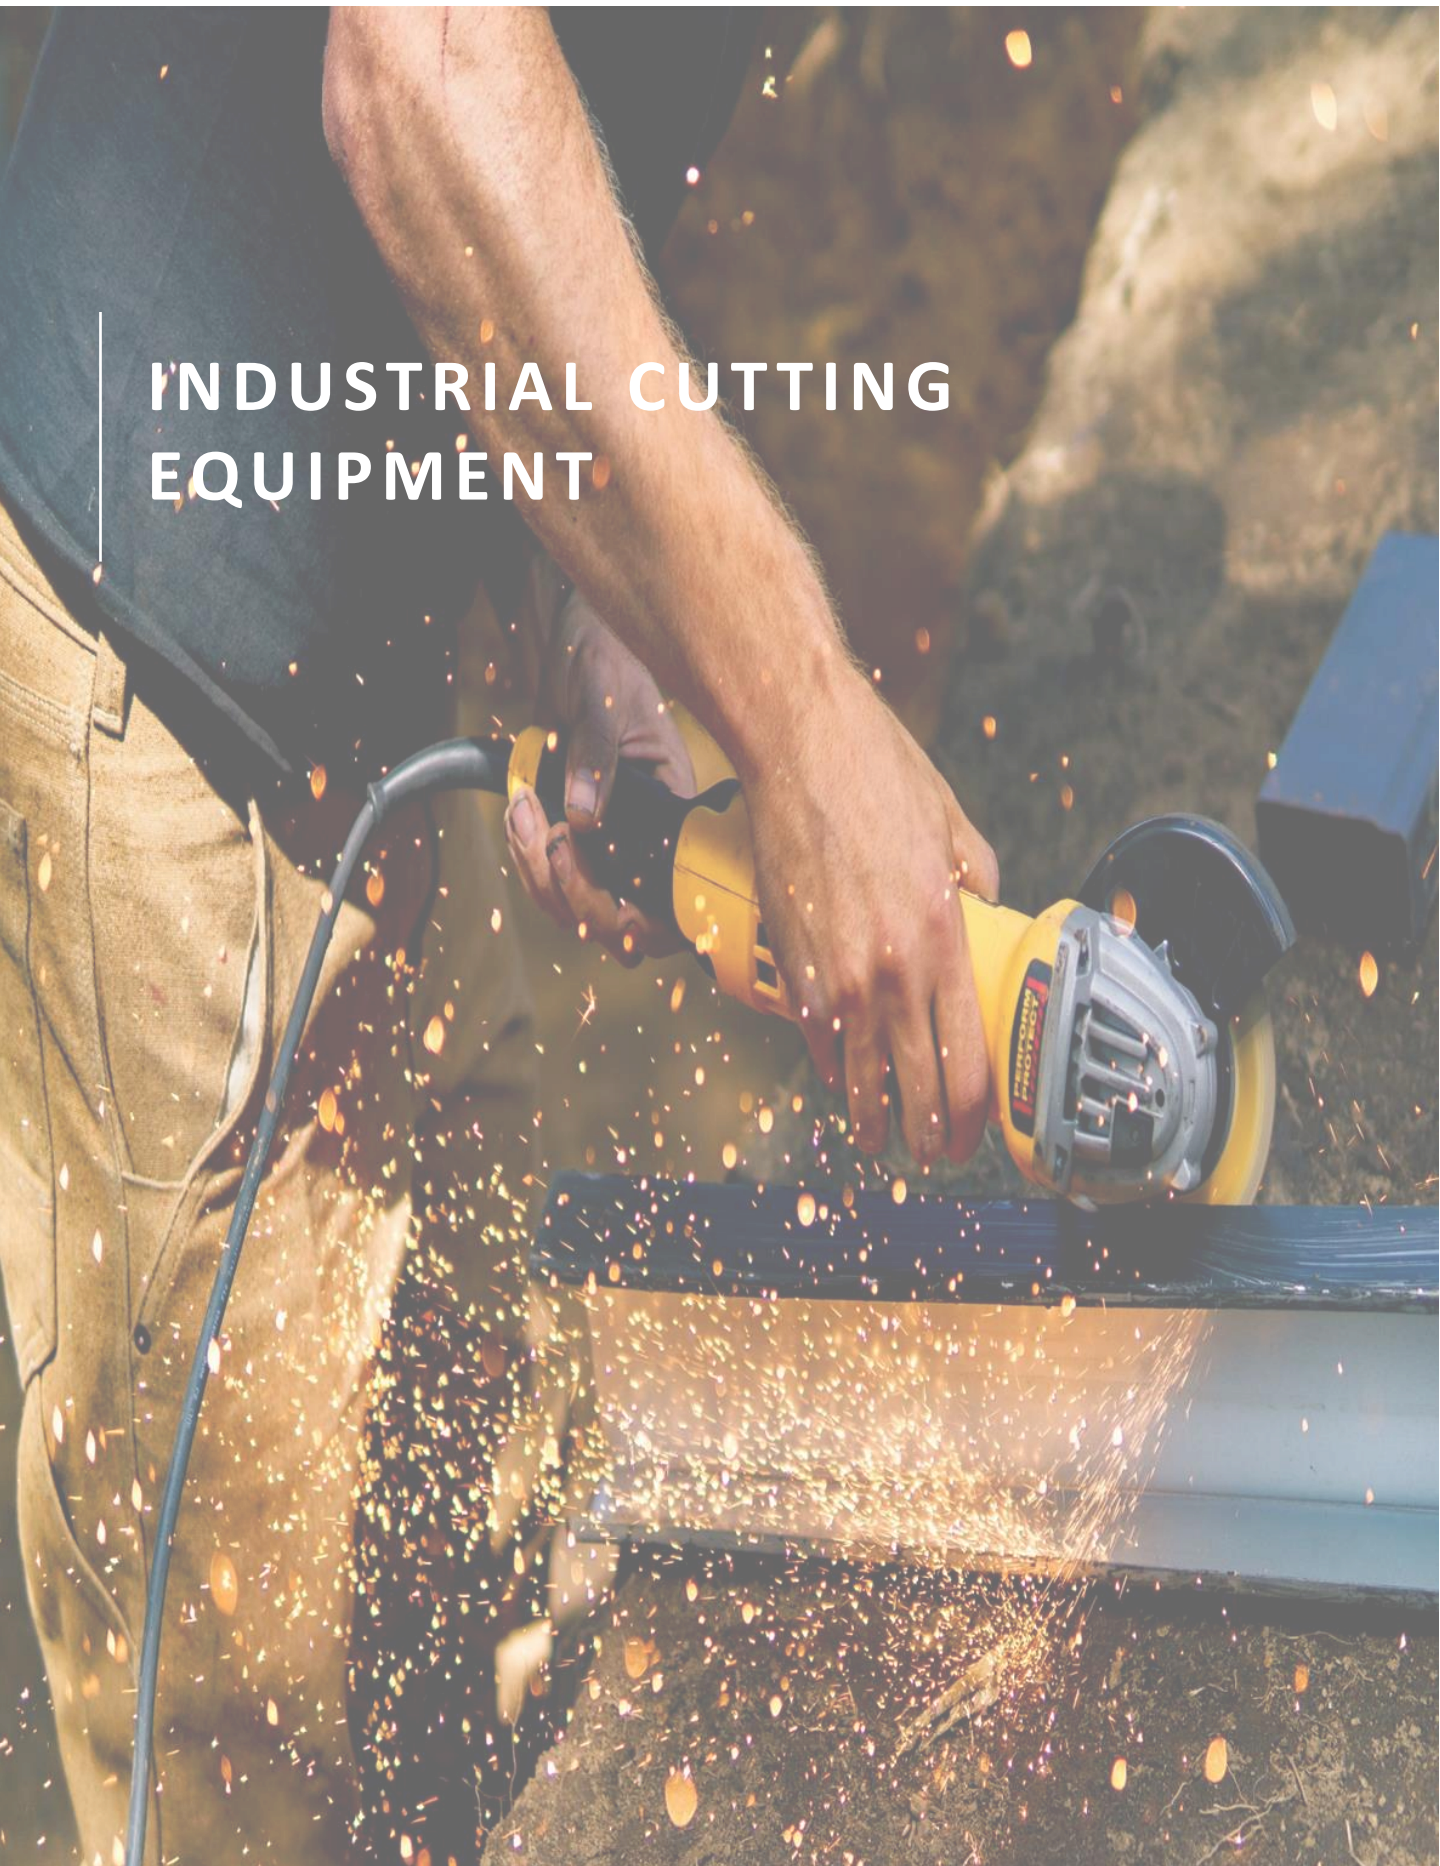

Keep personnel safe while working at heights with our harnesses and associated fall arrest equipment

Coverall Wears

Safety and protection for entire body

INDUSTRIAL CUTTING EQUIPMENT

Welding Torch Kit
Heavy Duty Oxygen/Acetylene Cutting,

Victor Edge Series 2.0 Nitrogen
Purge/Flow

Victor Style Acetylene
Cutting Tip

Two Hose
Machine Torch

Welding kit with accessories

VictorESAB Victor Performer 540/510 EDGE 2.0
Outfit

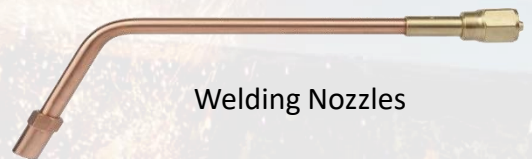

Welding Jacket and wears Leather
Apron Anti-scald Flame Resistant Coat

Cutting Attachment and Welding

Welding Cables for electric arc-welding
machines to power an electrode.

Welding Nozzles

A photograph of a male mechanic wearing safety glasses and a dark blue t-shirt with a light blue stripe, working on the engine of a car. The car is elevated on a lift. The scene is lit with a warm, orange glow, possibly from a work light. The background shows the interior of a workshop with various mechanical parts and tools.

INDUSTRIAL MAINTENANCE, REPAIR AND OVERHAUL

Ball Bearings

Plummer/Pillow Block Bearing

Oil Seals

Filters

Belts

Couplings

Industrial Aero-solutions

Industrial Paints

Industrial Adhesives

Industrial Lubricants

INDUSTRIAL FASTENERS

Bolts Nuts

Bolts and Nuts with all grade of materials

Washers

Any Washers type flat to spring type with all grade of materials

Anchor Bolts

Strong Anchor Bolts for your secure connections

Threaded Bars

Bars with complete end to end threads as per required lengths

Stud Bolts

Studs bolts and L-shaped anchor bolts for all diameters required

Shear Studs

Shear studs that extends out of the top flange of a steel support beam
